Number	Risk	Description	Likelihood	Impact	Matrix
<u>1</u>	Illness	<i>Injuring myself during the project may result in the inability or limit my work</i>	Possible	Significant	Med High
<u>2</u>	Inaccurate timing estimation	<i>Not guaging the diificulty of a task appropriately may have a carry-on affect</i>	Possible	Significant	Med High
<u>3</u>	Added workload	<i>Additional ideas being implemented can affect progress and other code where there are dependants</i>	Possible	Minor	Low Med
<u>4</u>	A layer of application breaks	<i>Upon implementation or compiling of the project, elements or layers may cease to function or not work as intended</i>	Possible	Significant	Med High
<u>5</u>	Lack of skills	<i>Not being able to complete an element or tasks due to a gap in knowledge</i>	Possible	Minor	Low Med
<u>6</u>	Injuries	<i>Injuring myself during the project may result in the inability or limit my work</i>	Possible	Significant	Med High
<u>7</u>	Laptop breakdown	<i>The laptop may malfunction during the project lossing progress and affect progress</i>	Unlikely	Severe	Medium
<u>8</u>	Loss of internet	<i>The loss of internet would hinder the ability to research, colloborate and use materials</i>	Unlikely	Severe	Med High
<u>9</u>	Low productivity	<i>Lack of productivity can affect the speed and progress in which I work at</i>	Possible	Significant	Med High
<u>10</u>	Uncooperative code	<i>The code may not function as intended which result in delays or breakdown of components</i>	Possible	Moderate	Medium
<u>11</u>	Natural disasters	<i>A natural disaster may occur causing damage to power-lines and/or infrastructure</i>	Very Unlikely	Severe	Medium
<u>12</u>	Unresponsive software	<i>The software used may not work or not perform as it should resulting in delays as they will need to be resolved</i>	Possible	Moderate	Medium
<u>13</u>	Unsuitable product designed	<i>The planned product may need changing during the project due to it not meeting the spec or it changing during the project</i>	Possible	Moderate	Medium
<u>14</u>	Linking of layers	<i>The front and back end of the system do not link together as intended with integrated functionality</i>	Possible	Minor	Low Med
<u>15</u>	Deletion of files/log	<i>My Jira and/or program coding is is deleted by accident or by a error</i>	Unlikely	Severe	Med High
